

DEMOLITION ASSISTANCE PROGRAM

(DAP) provides financial assistance to property owners in Phillips County for the demolition of dilapidated residential structures.

HOW DOES IT WORK?

The DAP program is part of the Phillips County improvement plan; an initiative designed to spur redevelopment and investment within the local community. The removal of dangerous and dilapidated structures is essential to our future community development and enhancement.

Approved DAP projects receive an award up to \$2,500 upon completion. These funds act as reimbursement to offset any accrued project expenses such as contractor fees, material removal and landfill costs.

WHAT ARE THE PROJECT REQUIREMENTS?

Demolition projects must conform to all municipal and county regulations and standards. Where applicable, permits must be obtained before commencing demolition.

The property owner will be responsible for:

- Disconnection of utilities
- The entire removal and proper disposal of above and below grade structures and of any hazardous waste located on the property.
- Filling any voids created through the demolition process (such as basement or storm cellar) in an appropriate manner to create a safe, walkable and debris-free ground surface.

*You will receive an approval response within 30 days of submitting your application. If you are approved to participate, you will then have **180 days** to get your project completed.

PROJECT ELIGIBILITY

The DAP program is for the removal of residential structures only. All applications will be evaluated by the committee for participation in the program. The property owner must be current on all property tax payments. Applications for DAP funding will only be considered when submitted by the property owner on record with the Phillips County Courthouse.

CAN I DO THE WORK MYSELF OR DO I NEED TO HIRE A CONTRACTOR?

We recommend using a professional contractor to carry out your demolition project. However, should you choose to do the project yourself, you **must** contact your local city office to ensure that you are complying with all rules, regulations, and requirements before starting your demolition. However, labor costs can only be reimbursed for professional contractors.

CAN I RECEIVE MY AWARDED FUNDS AHEAD OF COMPLETION?

No. DAP funds will only be awarded to an approved applicant upon total project clearing and completion. Applicants must submit "after" pictures that demonstrate project completion along with itemized receipts and invoices of reimbursable costs within 30 days of project completion.

*Check with the PCED office for current available discounts through Phillips County businesses.

Please Note: Incomplete applications will be rejected from the approval process. In this instance, the applicant would still be eligible to reapply for participation. All **completed** applications will be evaluated in the order by which they were received.
