Controlled Unclassified Information
Phillips County Emergency Management
Phillips County KS

List of Crew Members Present

Have you ever conducted a prescribed burn before? Yes or No

Do you understand that the burn must be conducted within the framework of Kansas regulations (K.A.R.) §§ 28-19-645 through 28-19-648 outline the state's open burning rules and §§ 28-19-647 and 28-19-648 providing for agricultural and other approved exceptions, including those for crop, range, pasture, wildlife, or watershed management with an eye toward the legal rule governing any potential liability (whether determined to be Negligence or Strict Liability). The prescribed burner (signer of this document) will be responsible for all liability issues or damages in the event of an escaped prescribed burn. Phillips County will not be responsible for damages or liability.
